TG-LS-028 / Product Parameter Summary

24V 12mm LED Strip

Product overview

LED strip lights

Reviewed catalog statements for this product. Independent test evidence has not been verified for this summary. This is not a complete technical datasheet or installation guide.

DEVELOPMENT PREVIEW

Listed parameters

Supply voltage	**24 V**
Strip width	**12 mm**
Power	**18 W (measurement basis unspecified)**
Luminous flux	**1400 lm (measurement basis unspecified)**
Color rendering	**Not specified**
Cutting interval	**6 LEDs/cut**
Color wording	**RGBCW**

Specification notes

- Power and luminous flux measurement bases are unspecified; do not interpret as per metre.
- Color rendering is not specified; the source slash is not zero or inapplicability.
- Cutting is stated in LEDs/cut; physical cut length and LED density are not established.
- Color wording is literal; white CCT, channel count, controls and variants are not established.
- Protocols, addressing, effects, breakpoint behavior and compatibility are not established.
- IP rating, installation suitability, certification, lifetime, warranty and availability are not established.
- Supply voltage alone does not establish AC/DC, direct connection or required accessories.
